Instale dos de los tornillos M10 en los agujeros superiores como se muestra a alinear la placa. Fije la placa con abrazaderas.

16

100 Nm (74 ft. lbs.)

17

REMOVE CLAMPS AND BOLTS

Retirer les boulons et les pinces

Retire los pernos y las abrazaderas

18

SPECIAL INSTALLATION INSTRUCTIONS Instructions spéciales Instrucciones especiales

BEFORE INSTALLING A LARGE WINCH LIKE THE WARN ZEON 8S, A CORNER OF THE BUMPER MOUNT BRACKET MUST BE REMOVED ON BOTH SIDES FOR CLEARANCE.

NOTE: PLACE WINCH INTO POSITION BEFORE REINSTALLING BUMPER, THEN BOLT INTO PLACE ONCE ALL OTHER STEPS ARE COMPLETED.

Avant d'installer un grand treuil comme le WARN ZEON 8S, un coin du support de montage doit être retiré des deux côtés.

REMARQUE: Placez le treuil en position avant d'installer le pare-chocs, puis fixez-le en place une fois que les autres étapes sont terminées.

Antes de instalar un gran torno de remolque como el WARN ZEON 8S, una esquina del soporte de montaje se debe retirar en ambos lados.

NOTA: Coloque el cabrestante en su posición antes de instalar el parachoques, luego atornillarla en su lugar una vez que se hayan completado los otros pasos.
